WHO ARE HRC ONLINE

Founded in 2022, HRC Online was born from a bold vision to revolutionise online education for HR professionals. A vision that earned our founder a place on HR Magazine's Most Influential Thinkers 2023 list, making us the first-ever CIPD training provider to receive such an honour.

At HRC Online, we take an assessment first approach to learning. Instead of overwhelming you with content, we break it down into focused, manageable sections so you make the most of every minute you invest in your career development.

But we don't stop at content. Every learner is paired with their own Learning Engagement Mentor, your personal guide, coach and cheerleader. They help you build a tailored study plan, offer regular one on one video sessions (via Google Meet), and even share their calendar because no one should feel alone on their journey. For that extra layer of inspiration and support, we've created CIPD Bitesize, a powerful series of short form videos packed with expert insight, helping you build a study plan for every single question. Whether you're working through a tough topic or just need a boost for a specific one, each video is designed to help you break down every question and focus your research, while our contextual storytelling helps you understand how the question can be applied in real life.

You're not just studying. You're building YOUR future in HR, and our team is with you every step of the way.

OUR APPROACH

What is Assessment Focused Learning?

CIPD is a 100% assessment-based qualification, so NO flashcards, NO hand cramps, and NO cold sports halls.

Our job is always to keep you focused on the assessment.

A CIPD L5 assessment normally comprises 10/15 questions with around 375 words to answer each question, and a CIPD L3 is about 10 questions with 275 words for each question. With CIPD assessments, there are no crossover questions, so each question can be broken into a stand-alone objective. So, even if you need to take a break from study, your progress is locked in, and you don't have to start again.

Our content, our mentors, and our system are all designed to help you make regular small steps forward.

Embracing Innovation

At HRC, we are committed to revolutionising your learning journey through innovation. Our mission is to empower our learners, inspiring them to craft captivating online educational content for their respective organisations.

We understand that monotonous online learning can perpetuate a cycle of disengagement. Therefore, our aim is to immerse you in a world brimming with fresh ideas and perspectives on learning while steadfastly maintaining a focus on your assessment.

In 2024, we introduced three initiatives designed to enhance your learning experience:

- **Face-to-Face Onboarding:** It sounds crazy for online learning, but since the introduction of face-to-face onboarding has drastically changed the engagement and progress of learners, Online/OnDemand learning shouldn't lead to the removal of human contact
- **AI George:** 2-minute short videos that succinctly introduce theoretical concepts. These bite-sized lessons are crafted to deliver core information in an engaging and easily digestible format, ensuring you grasp the essentials without getting overwhelmed. By our fully AI-created tutor
- **CIPD Bitesize (Short-Form Videos):** We take every single question within the CIPD assessment and produce a short video breaking down the question, recommending some suitable content and giving you a fictitious story to aid in comprehension.

WHY CHOOSE HRC ONLINE?

- ## 1 14 Day Free Trial

We want you to know that HRC Online is the right provider for you. We want you to try our platform, try studying, and try blending study into your life. We want you to be 100% confident that together, we can get you CIPD qualified.
- ## 2 Minimising Relearning

We don't want you studying for a month and then unlocking the assessment and having to go back over all the content because you have forgotten everything. So we put the assessment at the front so you can build your assessment as you learn.
- ## 3 Unlimited Tutor Support

If you have a problem, you can arrange a meeting with one of our tutors whenever you like. We give you access to their calendar so you can pick an appropriate time and use Google Meet so you can chat face-to-face and share screens
- ## 4 Learning Support

When you start at HRC Online, a Learning Support Mentor (LSM) will be allocated to you. Their primary role is to collaborate with you in crafting a tailored study plan and to ensure you remain on track until you achieve qualification.
- ## 5 FREE Study Skills

Our study skills explain exactly how assessment learning works to help remove the fear of studying. Our course has 100% positive feedback. We will teach you how to maximise your marks, increase memory retention, and mark your own work.
- ## 6 Assessment Reviews

HRC Online has a large following on YouTube, as we make specialised videos reviewing all CIPD assessments, breaking down the questions, pointing out potential pitfalls and ensuring that any learner can have a plan of action to be successful.

CORPORATE

A company's biggest asset is its workforce. In the current climate, it's even more critical to ensure those who work for you feel valued, supported and listened to – and that means having a compliant and trained human resources department.

Our mission is to ensure that HR professionals with busy lives have the opportunity to grow and improve their skills. For employers, that means not losing your valued HR employees for days or weeks to allow them to study.

Working with the employee and employer ensures that our learners benefit from the outstanding support you expect from a traditional classroom course.

Our unique approach allows learners to study at home, in the office, and even on the move. And because our content is broken down into manageable, 15-minute, bite-sized content, it's easy to digest and allows learners to work at their own pace.

Excellent support and great course content

I was looking for a provider where I could complete my level 5 CIPD online and in my own time around work and other commitments. HRC online offered various plans and I chose the Express option, as I wanted to get it done as soon as I could.

The initial 2 week trial was fantastic as it allowed me to see what sort of content was available, without committing at that stage. The support I received from my tutor was excellent. I often emailed in the evenings or over weekends for advice, and she would reply asap with a thorough and helpful response, and was also available for video calls to discuss queries.

The content is targeted towards the assignments and makes completing the assignments straightforward and as pain-free as possible!

I would highly recommend this company and am really grateful to them!

Amazing Resources and Service

James and the team at HRC are very informative, great advice and support for the students on their course. The additional resources available to general public is amazing and shows their dedication to open education and shared learning experiences.

If you want to feel inspired through the course of your studies, this is the provider!

I'm so glad I chose HRC Online for my Level 5 CIPD qualification, having previously reached out to many other providers beforehand. I decided on them as their team seemed the most friendly, personable, and passionate and I wasn't wrong.

It can be challenging returning to study after a long time, but I'm genuinely so grateful to those at HRC Online for setting up a course that is learner-focused and keeps you inspired throughout the journey.

I chose the Express Level 5 package as I wanted to work to a shorter timeframe following redundancy, and have honestly felt so inspired by their approach to helping students learn.

I did a lot of research, and had heard horror stories about other providers and the lack of support learners often experience with them, and honestly feel choosing HRC was the best decision I could have made.

The content they provide is extensive and engaging, there is a wealth of related material that comes with each section and the tutor videos are really informative.

There are so many course providers out there, and I think it's really important to shout-out those who put learners front and centre, and who genuinely want to provide informative, considered and engaging content that helps students succeed.

I can't recommend HRC Online highly enough.

CIPD Level 5 Support

Previously, I was with another provider and received no tutor support or guidance for 8 months despite several attempts to communicate. After significant delays in communication, I shifted myself out from them. I joined HRC and completed my Level 5 within 1 year.

Team HRC has done 100% justice to my commitment. James's analogies were fun, simple and easy to apply to real life. My coach, Andrea was never pushy. Just kind and understanding 100%. She gave me no stress and a feeling that I can achieve my dreams. I never felt like a failure with the team from day 1.

The learning material was accurate, insightful and sufficient to take me through all the Units. I only needed my mind to stay focused. Everything else was in place. As a student, I could not have asked for anything more.

Thank you Zak for your prompt support and Rebekkah for your insights throughout.

I recommend HRC Team because they provide 100% student support and prompt service.

Thank you very much for helping me achieve my dreams.
